

# Our ladder of consequences

If the behaviour continues, Mrs Jefferies will telephone our parents with us there. We will do all we can to change our behaviour before this stage.

If we still haven't improved our behaviour, we'll go to Mrs Jefferies to explain the reasons for our behaviour & possibly work with her for a time. We jump straight to this rung if we have hurt someone physically.

We will go to another teacher for time out to think about our actions and how they have affected not only our own learning but that of others.

If we have a second warning, we lose some of our break/lunchtime. This will be to either complete the work we've missed or be thinking time. If this is in the afternoon, our teacher will ask us to take time out from the class activities or send work home to be completed..

Receive 1 warning from the teacher or LSA.  
We should make a big effort to change our behaviour.
