

# Pre-School Post

*Child centred ~ Reflective ~ Visionary*

These were the three words used to describe our school by our leadership and learning partner (LLP) at Hampshire County Council this week as we undertook our annual inspection of the quality of the school's provision for children and community.

Of course, there always things to work on but we are really proud of the provision we've been able to maintain throughout COVID closures both for those in pre-school and those in school. I hope that the stories and activities on Tapestry are helping you to have either 5 quiet minutes with a cup of tea or help structure some play for your child.

Mrs Evans is recuperating at home after being diagnosed with pneumonia (no COVID, thank goodness!) which is why she's been very quiet recently but I'm struggling to keep her from pre-school work so I'm sure you'll hear from her soon! Meanwhile, Mrs Carter and Mrs Phillips are doing a great job both in the setting and online – if you have any special requests for books or content, please do let them know via Tapestry.

We also think you are all doing a fabulous job with your children at home. Tapestry entries are wide ranging and varied and your children look like they're having a lot of fun and games! If you haven't posted anything on there for a while, please do take a moment to and we'll respond.

Kind regards,  
Mrs Emma Jefferies  
Headteacher

## *Billing*

Please don't logon to Scopay and worry about your bill. The Government are finally getting around to telling us about funding so Mrs Spayes and I will read the guidance over the weekend and she'll redo bills for you next week – we'll give you a nod when they're ready but don't worry about them for now.

## *Isolation*

We know that lockdown means no playdates or toddler groups or a bit of time off from your little one. We're trying to think of ways we can support you during these challenging times without increasing screen time too much.

Is there anything you've wished we could offer? Please let us know –  
Tapestry or message me:

## *Community pantry*

This brilliant resource in Andover and Romsey is a pantry where you pay £5 and receive £15+ of groceries. We know COVID has affected every single family differently but if you'd like to top up your shop and have a need for this service, please contact them for further details:
