

Pre-School Post

I hope you all had a lovely Easter break and as we all get back together it feels like a little normality is starting to be regained. We have welcomed a few new starters who have been patiently waiting until COVID restrictions permitted their start. The children have spent this first week back exploring in the meadow garden with its freshly organized mud kitchen, playhouse and woodland nature area..... Soon to be bug house and space for lots of bug exploring. There has been café in the garden which children have enjoyed playing with and serving snack to their friends alfresco too!

We have spent time completing puzzles, making mini books about growing, fine motor threading and in the tuff trays outside there has been a dinosaur world, farm and underwater scene. Lots of interesting play and conversations are happening.

We have also been learning the phonic sound "S". I wonder if the children can find anything beginning with S at home?

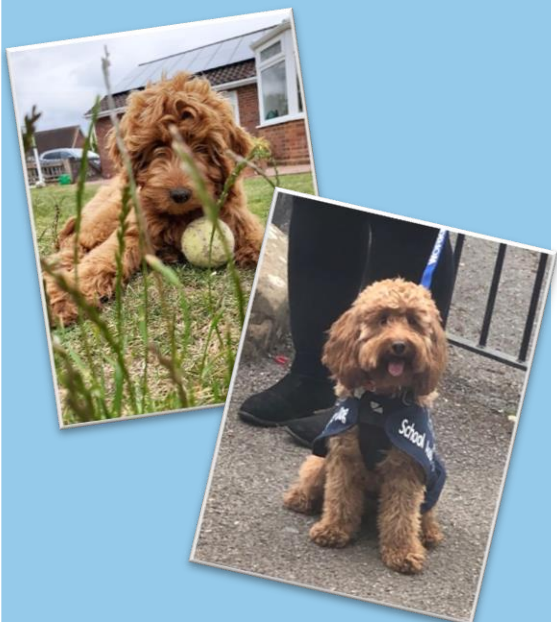

Mrs. Evans
Pre-School Manager

Smarties Challenge

Thank you to those of you who have returned your smarties tube already.
Well done to the children for completing their challenge.

Fudge, the school dog will really appreciate all the hard work saving for him and he will look forward to thanking the children soon.

Please ensure all tubes are returned by Friday 23rd April.

Sun cream

The sun is starting to grace us with its warmth and we need to ensure children are protected well from its rays, to avoid pink sunburnt children.

Please return all permission slips to ensure staff can re-apply cream at lunchtime. All children should arrive pre creamed and ready to play.

**PLEASE DO NOT LEAVE ANY
SUNCREAMS OR OTHER MEDICINES,
LOTIONS ETC IN CHILDRENS BAGS.**

Tapestry

It's been great to see more of you engaging with Tapestry so Thank you. We upload weekly entries to keep you updated on all that we have been busy with. It's lovely to see your children at play with their peers and gives you the opportunity to chat about their time in pre-school and share experiences both that you get up to as a family with us, and also see the fun and learning going on in Pre-school.

Don't forget to give us a thumbs up acknowledgement so we know you've seen it by hitting the like button!
