- E: Volunteer checklist for off-site visits**
- F: Car driver checklist**

Introduction

Educational visits are activities arranged by or on behalf of the school, and take place outside the school grounds. The governors and staff believe that off-site activities can supplement and enrich the curriculum of the school by providing experiences which would otherwise be impossible. All off-site activities must serve an educational purpose, enhancing and enriching our children's learning experiences.

In this policy we seek to establish a clear and coherent structure for the planning and evaluation of our off-site visits, and to ensure that any risks are managed and kept to a minimum, for the safety, health and well-being of all pupils at all times. Within these limits we seek to make our visits available to all pupils, and wherever possible to make them accessible to those for whom new and unfamiliar environments can present particular challenges. Due consideration in planning and preparation will be given to pupils who have sensory, social, emotional, communication, physical and/or medical needs. The visits usually take place within the school day.

At Stockbridge Primary School, Chloe Cooper is the nominated Educational Visits Co-ordinator (EVC) and Emma Jefferies (Headteacher) the EVOLVE approver with the exception of off site visits which include an element of Adventurous Activities (requiring Outdoor Leader Qualification) – these are approved by the LA.

The school commits to buying into the Hampshire Outdoors SLA annually ([available here](#)) and understand that any advice, guidance and support relating to school visits and trips provided by Hampshire Outdoors will be based upon the National Guidance from the OEAP (www.oeapng.info) and we should follow this guidance alongside this policy. Hampshire outdoors team can be contacted on 01962 876218 or outdoor.education@hants.gov.uk.

Aims

The aims of our off-site visits are to:

- enhance curricular and recreational opportunities for our pupils;
- provide a wider range of experiences for our pupils than could be provided on the school site alone;
- promote the independence of our children as learners, and enable them to grow and develop in new learning environments.

These visits begin with short excursions into the local area in the Early Years, and progress towards increasingly longer residential experiences throughout Key Stage 2.

Responsibilities

Visit leader: single leader with overall responsibility for planning and management of a visit. This person, as determined by this policy, should always hold the Outdoor Leader award from HCC.

EVC (Educational Visits Co-ordinator): an experienced member of staff with oversight of protocols and approval process who provides the initial checks of a Visit form.

Head of establishment: aware of and responsible for approving all visits at establishment level.

Hampshire Outdoors: final approval for more complex visits especially those involving overnight stays and/or adventurous activities, as or on behalf of the employer.

Regardless of their role above or as on risk assessments, everyone involved in a visit should be aware of the importance of health and safety and safeguarding during any visit. This includes volunteers.

Informed consent

The parents of children taking part in an off-site activity should be provided with all appropriate information about the intended visit. Parents must be informed when a child starts school at Stockbridge Primary & Pre-School that all children will be expected to participate in educational visits during each school year.

Parents have the right to know where their children are at all times. They can only give consent to their child being involved in an activity where they fully understand the nature of it. If taking children off site at short notice, we will notify parents by text.

Parents will be asked annually in September for their generic consent for local, walkable visits eg, to the park, along the Testway and around the High Street.

Where a visit involves transport in a minibus or private car, consent will always be sought by letter, no matter how local.

We will also ask, in this annual letter about consent for the following issues which may arise on a school visit:

- Administering medicine on a school visit
- Application of sun cream
- Basic first aid including removal of ticks and splinters in line with current NHS guidance

If the letter requires parents to give their consent, eg for a residential visit or for a visit that includes any designated adventurous activities or is just an off-site visit involving transports, letters must be received by the parents at least three weeks in advance of the venture. Verbal consent will NOT be accepted for any visit. Parents may write a note or email to confirm their child's attendance before the visit but not retrospectively.

Insurance

Hampshire maintained schools are covered by the Hampshire County Council School Journey insurance and have access to the Insurance team. They can be contacted at insurance.queries@hants.gov.uk. Details of the policy are available via email to the above address.

First aid

This is taken account of in any risk assessment. Every member of staff employed by our school is first aid trained. Any visits that are away from immediate help, have students/staff with significant medical needs or include directly delivered adventurous activity must have First Aid provision.

All staff on visits should carry a first aid kit, these are kept in the bottom drawer of the medical room supplies.

Transport

Stockbridge Primary & Pre-School wants to encourage children to take advantage of our strong transport links to local areas and to use a variety of means which aim to ensure our children are aware of the environmental choices they may make as adults. We also want to keep costs low for families and recognise that using a coach may not be the only way or the most cost efficient.

Risk assessments will feature the method of transport. If parents are transporting children to a location, they must make reference to and assess the risks to ensure a safe handover.

The Health & Safety of children is paramount at all times, including when transporting children to and from an event.

Vehicles must always draw up to the nearside kerb. Where this is not practicable, no child should exit the car onto a road and no children should exit a car until the driver or at least the additional adult has left the car, checked for safety and then gets children out of the car and onto the safe side.

a) Private cars

Where private cars are used for transport, the group leader is responsible for checking that the insurance of each driver covers such journeys (full details and requirements are available in Appendix F) and double-checking that each driver has been subject to the DBS check which all volunteers are required to undertake. At the point that this paperwork comes into school annually, the driver should produce documentation from the DVLA to show that they have no more than 3 points on their licence and no other driving convictions. If there is any change to this during the academic year, the driver takes the responsibility of notifying the school at which point records will be amended and resigned. A completed 'Agreement to drive and record of details' form (Appendix F) should be completed for each driver.

The School Office keeps a record of adults with this paperwork completed and any new adults should be flagged up by the School office at the time of arranging the trip. The Headteacher will pre-approve any drivers and check paperwork is in order before filing with the school office. Teachers also have a copy of this list and should double check any decisions made by the office.

Car drivers are listed with the School office which will ensure all relevant checks of paperwork are completed and approved by the Headteacher. Included on the form from November 2014 is the statement linked to speeding offences. If any adult has a speeding conviction or points on their licence for speeding, this must be declared at the time of the visit. If this is the case, the Headteacher will make the final judgement call about whether children are safe to travel with the adult in question. For groups of over 4 children travelling together, there must be one additional adult in the vehicle with the driver. This ensures that the driver can pay full attention to the task in hand.

b) By coach

3 quotes will be sought by the school office. The decision on which company to use will depend on reliability and cost. Coaches should meet the school party in the layby on the A30 which is the safest location for both children and the local community. The lead adult should take the phone numbers of any coach drivers and the coach company and let the school admin office or 'on site' nominated person have these within the first 15mins of travel. On arrival at the location, the lead adult should agree with the coach driver where they will be collected and at what time. Should any variation in agreed route need to take place, the lead adult should keep the 'on site' nominated person aware at all times.

c) By minibus

The school makes use of locally available hire minibuses. Every member of staff driving a minibus should hold an in-date MIDAS certificate and lodge a copy of this with the school office. If they passed their driving test after January 1st 1997, they should also take a DVLA D1 test and provide proof of a pass to the school office. Minibuses should only be refuelled using a school purchasing card.

Payment for visits

Funding for off-site activities is provided mainly by parental contributions. This must be made clear to parents in all correspondence about an educational visit at the planning stage. Should insufficient contributions be made, the visit may have to be cancelled. The timetable for the payment of contributions should allow for the headteacher to make a decision about the financial viability of the activity in reasonable time.

No child may be excluded from an activity because of the unwillingness or inability of the parent to make a contribution. Parents will be informed of this principle through the school policy and letters sent home about intended visits.

On residentials, we do make a charge for board and lodging, insurance and specialist instruction for certain activities. Further information can be found in our Charging Policy

Should a family have difficulties raising these funds the school has access to small funding streams which can be used at the Headteacher's discretion to support these families and ensure the child does not miss out.

Residential activities

Appendix D outlines the schedule of residential visits. This takes account of staff expertise, confidence, parental ability to pay for longer, more expensive visits and ensures that residentials build upon skills and confidence that children gain with each experience. Each child will have the opportunity to take part in 4 residential visits during their time with us.

Residentials commonly occur during school hours with the majority of a class meaning that a child's education for that period of time is off site but still relevant. Should a situation arise whereby a child does not have parental permission to stay on a residential, parents should make every effort to get children to the residential site each day to take part in the activities otherwise they risk losing vital team building and learning opportunities.

The residential visit enables children to take part in outdoor and adventure activities as part of their PE work. We undertake this visit only with the written agreement of the LA. Qualified instructors are provided for all specialist activities that we undertake.

We are an inclusive school and children with Special Educational Needs (SEN) are always included in residential activities. Inclusion must never threaten the safety of the individual or by this inclusion, the safety of the rest of the group. This may mean having to re-organise where we are visiting, staffing required and can, in some exceptional cases, require a member of the child's family to accompany some element of the visit. A member of staff will never be allowed to share a room with a pupil or a member of a pupil's family.

Risk assessment

A comprehensive risk assessment is carried out by the group leader before the proposed visit. It will assess the risks which might be encountered on the visit, and will indicate measures to prevent or reduce them. Parental advice will be sought to enable staff to predict and therefore mitigate any adverse effects on pupils arising from unfamiliar environments.

Step 1 Initial Risk Assessment template can be found on the school server and the Step 2 Risk Assessment template for all school visits can be found in Appendix C.

This also includes guidance about preliminary visits, pupil/teacher ratios and transport.

All visits should be entered onto EVOLVE, Hampshire's online visits portal. This includes local visits which is approved at EVC level.

How visits may be authorised

All Educational Visits must be approved by the Headteacher no matter how local or far. A programme of residentials and visit overview will be provided to Governors each September for broad approval.

The Headteacher will appoint a party leader to be responsible for leading the activity on behalf of the Headteacher. This will normally be a teacher employed at the school.

The school's EVC, in the first instance, will be involved in the planning and management of off-site visits. Should they require advice or guidance, this can be sought from the Headteacher or Hampshire Outdoors team.

Governors' have a responsibility to check EVOLVE throughout the year and at key points such as residential or any of the HCC listed adventurous activities to ensure the school is following this policy.

Staff arranging or otherwise involved in off-site activities must first familiarise themselves with the regulations, advice and procedures published by the National guidance for the management of outdoor learning, off-site visits and learning outside the classroom <https://oeapng.info>, LA (available on the HCC Evolve website) and school policies. All off-site activities must take place in accordance with the LA's instructions.

Where staff are proposing to arrange an off-site activity, they must seek and obtain the approval of the Headteacher before any commitment is made on behalf of the school, also completing the form in Appendix A for office and EVC/HT use.

Where the activity involves a period of more than 24 hours, an overnight stay, or a journey by sea or air, the EVC and subsequently the headteacher will seek the approval of the governing body and the Local Authority before permitting the activity to take place.

Except for very local visits, all proposals for Educational Visits must be submitted to the EVC at least four weeks in advance of the proposed venture. The EVC then the Headteacher must then approve the activity taking into account all relevant paperwork. Any letters to parents with details of the trip and details of voluntary contributions must be sent out at least three weeks in advance of the venture in line with the school charging policy.

All residential visits or visits that involve any activity categorised by HCC as Adventurous Activities (this will include field work near water) must be submitted to the Headteacher at least eight weeks in advance of the venture. Special exception may be made for local visits that cannot be anticipated long in advance.

Ratios

The ratios below are the minimum requirement. Thought should be given to individual participants, the location and degree of risk. If a child has a designated 1:1, their accompanying adult must not be included in the overall ratio. Similarly, third party providers eg. staff at a residential centre, cannot be included in the ratios. Establishment staff are responsible for the pastoral care of students at all times. Consideration should also be given to ensuring that sufficient staff are present to supervise students should an issue arise that takes a single staff member away from their role.

Activity	Staffing/Qualification	Maximum ratios
Local visits close to the school and/or further from school base but without an adventurous element	<ul style="list-style-type: none"> Experienced visit leader Qualified & experienced, ideally min. Outdoor leader certified Other responsible adult to support 	Year R: 1:6 KS1: 1:8 KS2: 1:12 For very local and or low risk visits, a higher ration of max 1:20 may be considered for KS2 or above.

Visits in open country, near water or a significant distance from buildings/shelter or immediate support.	<ul style="list-style-type: none"> • Experienced visit leader • Qualified & experienced, ideally min. Outdoor leader certified • Volunteers and other responsible adult to support • Qualified first aider for any self-led activity 	Year R: 1:6 KS1: 1:8 KS2: 1:12
Residential or overnight visit	<ul style="list-style-type: none"> • Experienced visit leader • 1 additional qualified & experienced, ideally min. Outdoor leader certified • Other responsible adult to support • A min. of 2 leaders is required <p>Qualified first aider for any self-led activity</p>	Year R: 1:6 KS1: 1:8 KS2: 1:12

Taken from HCC guidelines

- Children in pre-school may only go on a visit when 3 years old or older.
- The ratio for preschool must never be worse than 1:4, this is better than the ratio as listed on the Statutory framework 2014. For all Early Years off site visits one adult must hold a paediatric first aid qualification and this must also leave at least one member in the setting that also holds the paediatric first aid qualification.
- The Party Leader must have pre-visited the location to be visited. Any variation to this must be approved by the Governing Body.
- The details of all party members, including adults must be left, with a named adult, in the school office prior to departure. The details of which children are travelling in which vehicles must be left with the school office and any subsequent changes mid-visit must be phoned through by the party leader to school.
- The current medical history of all participants will have been examined and the outcomes related to the venture specific Risk Assessment. Eg. The need for extra staffing or the taking of appropriate inhalers or medication.
- All ventures will have been Risk Assessed prior to the venture and, in order to adhere to Good Practice guidelines, entered on EVOLVE with the risk assessments and itinerary.
- All staffing for any venture will have met, in advance of the venture, to be briefed by the Party Leader on the organisation, the required safety control measures to be applied as a result of the venture specific Risk Assessment, and the clarification of specific individual responsibilities.
- The Headteacher (or EVC in her absence) will need to agree any volunteers who are to support the visit in order to ensure the safety of the children and school ethos is maintained. Although we will endeavour to use school based staff on trips it may be necessary to call upon parent/external volunteers.

Where this is applicable the head teacher and group leader will discuss suitability based upon

- The capability to maintain the school ethos and work within the school guidelines
- The school's prior knowledge of the person's capability
- Their knowledge and understanding of the children on the visit and venue and activities to be visited and undertaken.

Further guidance is found in the Local Authority guidelines and the locally produced checklist (Appendix B).

It is our policy that all children should be able to participate in educational visits. Where a child with a disability is eligible for a trip, we will make every effort to ensure that s/he is included. We may seek guidance from parents to help us adapt our programme, and we will make any reasonable adjustments to our itinerary to include a child with disabilities. Any such adjustments will be included in the risk assessment.

Staff Induction

No ECT will lead a trip during their ECT year, however they will work alongside the EVC or headteacher to plan and run off-site visits. Where appropriate they will also join residentials as part of their induction programme.

Where possible, experienced teachers who join Stockbridge will be joined on their first off-site visit by a member of the leadership team to ensure that all school policies are being adhered to. All classroom based staff receive training on the leading and running of off-site visits as part of their induction.

Volunteers

The wealth of experience and skill within our parent/community body is not to be underestimated and we recognise the value that their knowledge and experience can add to an educational visit, however, children's safety and well-being come first. All volunteers involved in School visits will need to undergo a DBS check in line with our School's Child Protection Policy. Teachers only ask adults who are known to be effective on school visits to support them, this is in agreement with the head teacher and/or EVC. This is based on prior knowledge of support and their suitability to support fully. The safety of all children comes first and foremost and must never be at risk by a choice of volunteer.

Where parent/family volunteers are used, they are not to be asked to care for their child as part of 'their group' for the day. Their child should work with another adult and this will be made clear to parents at the point of volunteering. Regardless of a parent volunteering on the trip, the Class teacher and School employed support staff remain responsible for the safety and welfare of all children, including the volunteer parent's child/ren.

Further health and safety considerations

All adults accompanying a party must be made aware, by the party leader, of the emergency procedures which will apply. Each adult should be provided with an emergency telephone number. This will normally be the school number, but where an activity extends beyond the normal school day the home telephone number of a designated emergency contact should be provided.

Before a party leaves school, the school office should be provided with a list of everyone, children and adults, travelling with the party, together with a programme and timetable for the activity. Direct discussion and agreed procedures about where to gather, how to manage children in car parks and open sites as well as expected behaviour management will be explicitly discussed and detailed in the risk assessment.

The safety and well-being of the party, and especially the children, is of paramount importance. During the activity the party leader must take whatever steps are necessary to ensure that safety. This involves taking note of any information provided by medical questionnaire returns, and ensuring that children are both safe and well looked after at all times.

Prior to an activity, if it is felt that the behaviour of an individual child is likely to compromise the safety of others or the good name of the school, the party leader should discuss with the headteacher the possibility of excluding that child from the activity.

Group leaders' planning

Group leaders must read thoroughly the appropriate guidance for off-site activities. They must initially consult the National guidance for the management of outdoor learning, off site visits and learning outside the classroom for the most up to date guidance <https://oeapng.info> and LA documentation detailing procedures and requirements. The Group leaders visit checklist (Appendix B) must be fully completed and a copy left with the Headteacher and the School office before the group leave for their visit.

Induction and briefing

Given that volunteers may change and have varied experience, staff go in and out of post, induction for any visit needs to be clear and detailed to ensure that children are best protected and cared for.

Monitoring and review

This policy is monitored by the governing body and will be reviewed every three years or earlier if deemed necessary.

Pre-Educational Visit request Planning list

Before completing this form please make sure you have agreement for the trip to go ahead and have checked the most recent guidance on the trip type and activities to be undertaken on <https://oeapng.info/>

Please complete the following information and return to the admin team who will then investigate the coach/minibus costs (if required) and total trip details. She will compile a letter with the appropriate reply slip and wording for your class which then needs to be checked by you as the class teacher and the Head teacher.

This checklist should be completed at least 4 weeks prior to the event or we will be unable to go.

Date of visit:	
Place of visit:	
Place contact details: (inc. named person at centre)	
Time of leaving School:	
Time of return to School:

Appendix B Educational visits check list

THIS COMPLETED CHECK LIST MUST BE PRESENTED TO EVC or HT NO LATER THAN THE DAY BEFORE YOUR VISIT

All of the checks below must be completed BEFORE pupils leave the site for any educational visit. Educational visits are deemed as anything which is off the school site whether before, during or after the school day has finished.

At Stockbridge Primary & Pre-School, educational visits can be divided into 2 categories; ones within the locality (which are walkable and do not require transport) and ones which require transport and are outside of a 10/15 min walk.

Some off site visits require the group leader to hold an Outdoor Leader Qualification.

Have you;

Pre-visit day

- Ensured there is a clear educational purpose for the visit?
- Sought permission for the visit from the HT?
- Completed the costings sheet with basic detail & passed to the office?
- Got Sam to research transport options?
- Written to parents to notify them of the visit (written in conjunction with Admin Office and checked by the HT or EVC in her absence)?
- Entered the visit on EVOLVE at least 4 weeks in advance? (EVC then HT to check)
- Completed a risk assessment?

At least 1 week before

- Visited the site and got a map and plan of the day sorted?
- Checked any car drivers have the necessary paperwork with the office?
- Got an up to date medical list?
- Sorted volunteers and checked with the EVC and head that they meet the school criteria as listed on the Educational Visits policy
- Made a list of phone numbers for every adult on the visit? (with risk assessment)
Check ratios, helpers, medical needs, timings

At least the day before

- Handed this form along with all other relevant paperwork to the EVC
- Left copies of groupings, contact numbers, adult volunteers, drivers and their passengers with the office

On the day

- Got the first aid kits and any medical items needed for children on the visit?
- Picked up the visits bag from the medical room?
- If travelling by coach or minibus please take 1 'sick kit' per bus and a change of clothes
- Checked risk assessment and adjusted for weather conditions/plan B?
- Left an offsite list with all children who are with you with the school office?
- Have all emergency contact details in a sealed envelope to keep on you at all times
- Given the children the emergency contact cards to wear? (if no cards are available then please print off labels for each pupil and ensure it is not worn on a jumper)
- Briefed all adults on the visit for risk assessment, medical need, transport details and checked phone numbers. Volunteers & staff have signed briefing sheet and a copy of this sheet is left with the EVC
- Got any other bits and pieces (worksheets etc) you need for the day?
- Before you leave for the trip meet with EVC or HT and check through all requirements in this checklist together and all paperwork is handed over

No later than 1 week after the trip

- Provide verbal feedback to either EVC or HT on the trip including feedback on the quality of the coach and driver, volunteers and the site itself. Would you run this trip again and what would you change to improve it? Would any other prior information have been helpful?
- Completed the evaluation of the trip on Evolve

I have followed through all of the processes and checks as listed above and these have been checked by the EVC and/or headteacher

- 1) Identify the hazards
- 2) Decide who might be harmed and how
- 3) Evaluate the risks and decide on precautions
- 4) Record your significant findings
- 5) Review your assessment and update if necessary

Appendix D
 Residential outline

Year group	Place		Proposed outline of the visit
3	Camping on field (Summer 1)	Friday 6pm to Saturday 10am	Children set up camp Games on the field Camp fire in the forest school area Strike camp
4	1 night at Tile Barn (Spring 2)	The final 2 days of the Spring 2 term	Woodland walk and orienteering led by school staff Low ropes and climbing led by centre staff
5	2 nights at Calshot (Autumn 1)	3 days and 2 nights in the first week of the school year	All activities led by centre staff including skiing, kayaking, sailing, low ropes, orienteering, archery
6	4 nights at Hampshire Mountain Centre (Autumn 1)	Monday to Friday in the Autumn term	Familiarisation trip led by school staff Mountain walk, kayaking, river walk and caving led by centre staff

Volunteer checklist for Off-Site visits

At Stockbridge Primary and Pre-school we believe off-site activities can supplement and enrich the curriculum of the school by providing experiences which would otherwise be impossible. All off-site activities serve an educational purpose, enhancing and enriching our children's learning experiences.

In order to ensure that you are able to fully support the pupils in this visit it is essential that you receive a full briefing from the group leader which will include the following areas:

- The educational purpose of the trip
- The transportation arrangements
- If you are transporting a group you need to know our school policy for: the use of booster seats and seat belts, parking and alighting the vehicle. All recent paperwork must be provided to the school office.
- The risk assessment, please ensure you receive a copy
- The organisation and timings of the day, a copy must be carried with you at all times
- Emergency details, this will be the contact details for the group leader and the school office and/or Mrs Jefferies
- Details of any medical needs amongst the group, what these needs are and where the medication will be during the day
- The group leader will carry all of the emergency contact details for all pupils, please ensure you know where these will be during the day

I have received all of the information as listed above and have received a copy of all of the relevant paperwork for the off-site visit to.....

Name..... Date.....

Group leader.....

Agreement to Drive and Record of Details

As part of the Risk Assessment of all who drive on the Council's behalf which includes all volunteers, parents, teachers and youth workers, this form needs to be completed for each and every driver.

Use of Private Car for transporting Pupils/Clients on behalf of Hampshire County Council, Portsmouth City Council and Southampton City Council

Thank you for offering your services in transporting pupils/clients. As you will agree, it is essential for the Council to maintain the highest standard of safety for their pupils/clients and as part of their Risk Management, the following items needs to be inspected to make sure they agree with the Council's policies, as follows:

- All private vehicles that are driven on behalf of the Council must be insured for Business Use, unless your vehicle is insured for "Social, Domestic and Pleasure" and your insurance company is willing to include driving for the school/centre within that definition. Confirmation in writing must be provided by the insurance company.
- That Road Tax and MOT are valid
- That you have a full driving license which does not have prosecutions for drink driving, dangerous driving, and no more than 3 points
- That you are fit to drive and free from any Drugs, Alcohol or Medicine which is likely to impair judgment and ability to drive.

I have read the above and have provided the requested information/documentation:

Car Registration Number					
Driving License Number		Expiry Date			
Car Insurance Policy Number		Insurer		Expiry Date	
MOT certificate Number		Expiry Date			

- I understand that if my vehicle is used for the transport of pupils in a private arrangement between parents, then any claim costs will be borne by the insurance covering the relevant vehicle and not Hampshire County Council, Portsmouth City Council or Southampton City Council.
- The driver of the vehicle will wear a seatbelt at all times whilst driving
- The driver will ensure that pupils are seated and restrained correctly*

I have read and understood the information and instructions above and have verified with my motor insurer that I am insured to transport children/young people in my vehicle. I undertake to inform the School/Centre of any change in this circumstance which might prohibit my transporting children/young people.

This form will be kept on file so that we do not have to repeat this exercise unless your details change within the School year.

***Restrains:**

- Legislation requires all young people in cars, vans and other goods vehicles to be carried in the correct child restraint from birth until either they are 135 cm (4'5") tall or have reached the age of 12 years (whichever comes first). They must then use a seat belt. Children 3 years to 135 cm in height are

allowed to travel in the rear and use an adult belt in certain circumstances, e.g. for unexpected necessity over a short distance, if the right child restraint is not available

DBS Checks:

Alongside the documentation for the vehicle all volunteers at Stockbridge Primary and Pre-School must have a current DBS in place.
